

MS64

Minimal Sliding System

- 45 and 90-degree frame mounting alternatives
- Maximum glass, minimum profile surface area
- Option to conceal bottom, top, and side frame profiles
- Visible middle mullion joint thickness is only 30 mm
- Maximum durability with polyamide middle mullion
- Imported, high-quality accessories

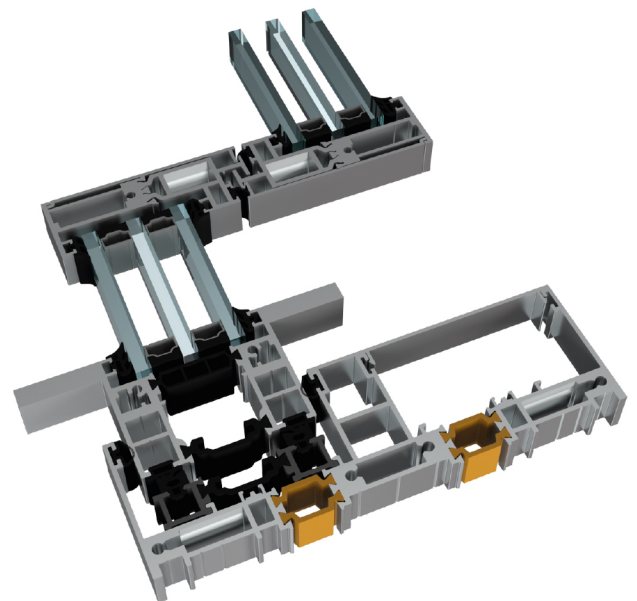

Technical Specifications

Frame Height	175 mm
Sash Height	64 mm
Visible Middle Width	30 mm
Profile Thickness	1,5-2 mm
Glass Thickness	40-42 mm
Maximum Sash Width	1400 mm
Maximum Sash Height	3500 mm
Maximum Sash Weight	250 kg
Thermal Barrier	22 mm

Performance Values

Watertightness	Class 8A
Air Permeability	Class 4
Wind Resistance	C4
